PLEASE PRINT!

Student Information	Date of registration:	
Name:		
Address:		
Telephone:		
Email Address:		
Gender:	M	F
University:		
Have you participated in the CREATE CCE Summer School program, in the past? Yes No		
Current program duration (Month/Year) – please note that you must be enrolled as a student to participate in the summer school program. All students will be cross-checked for eligibility in CREATE.		
Commenced:		Expected completion:
Course preferences - please check top 3 only:		
Courses	Lecturer/Organization	
Next Generation of Gas Turbines Engines	TBC	
Next Generation of IC Engines	TBC	
Quantitative Laser Diagnostics Methods	TBC	
Turbulent Combustion	Prof. Venkat Raman (University of Michigan)	
Combustion Chemistry	TBC	
Alternative Fuels (Including Bio-Fuel)	TBC	
New Development in Combustion Technology	TBC	
Project Management	TBC	
*Courses are subject to change at any time		
Do you need transportation (distance greater than 100km)?	Yes	No
Do you need accommodation?	Yes	No
Arrival date:	Departure date:	
Please provide name for shared accommodation, if preferred, otherwise rooms will be randomly assigned:		
Special Dietary needs, if applicable:		
Other:		
Signature:
